

Academic Support

Academic Support at Essex International College seeks to create a purposeful, learner-centered environment that supports students' academic development.

Goals Statement

At Essex International College, Academic Support encompasses three main areas:

1. Academic Advising for undecided students
2. Welfare Services, and
3. Provision of Extra Academic Support (via the Learning Support Assistants)

To support the institutional goal of excellence in teaching and learning that is focused on student success, we will . . .

Provide accurate information regarding educational opportunities, requirements, policies and procedures to all students.

Support undecided students as they assume responsibility to explore, identify and develop their educational goals.

Identify and coordinate accommodation for students with disabilities to ensure their access to the curriculum by facilitating special consideration and alternative adjustments.

Support and educate faculty and staff regarding

- (a) the legal and moral issues of accommodating students with disabilities and support needs
- (b) the implementation of reasonable curricular accommodations for students with disabilities and support needs
- (c) Provide qualified and effective tutors and learning support.
